Cavalcade of American Dance

Gracious Queen Doris and her lovely daughters of the sea, the enchanting Nereids, greet their honored guests on this their first annual visit.

The Nereids were the fifty daughters of Doris and Nereids, and the handmaidens of Neptune, the god of the sea. Though sometimes represented as mermaids, they were pictured more often as beautiful and graceful sea numphs frolicking and dancing in the waves to the delight of sailors and seafarers.

This evening the Nereids cast the magic of their fun-loving spirit over the rhythms and melodies which are a vibrant part of our heritage as they present for pleasure of their guests — the colorful Cavalcade of American Dance.
